How to use this document: delete this paragraph before saving, sharing, or circulating it. Every part shown in blue is yours to replace: type your own details over each blue [field] until no blue remains. Add or remove table rows to fit your needs. Then select all (Ctrl+A) and set the font colour to the same dark colour throughout. What is left is your finished document.

Project Lessons Learned

A working register of what a project taught the team: successes worth repeating and failures worth fixing, each traced to its cause and turned into an owned action.

1. Project overview

Project. [Summary of the project: its purpose, its outcome, and its start and completion dates]

Objectives. [Objectives of the project and the extent to which each was met]

2. Summary: start, stop, continue

Start. [Practices to start on future projects, drawn from this project]

Stop. [Practices to stop on future projects, drawn from this project]

Continue. [Practices to continue on future projects, drawn from this project]

3. Lessons register

One row per lesson. Write what happened in plain language and focus on causes, not on blame. A lesson with no recommendation and no owner is only an observation; the register exists to change the next project.
