[Company name]

How to use this document: delete this paragraph before saving, sharing, or circulating it. Every part shown in blue is yours to replace: type your own details over each blue [field] until no blue remains. Add or remove table rows to fit your needs. Then select all (Ctrl+A) and set the font colour to the same dark colour throughout. What is left is your finished document.

Equipment Cleaning SOP

Standardising how shared equipment (printers, headsets, kitchen appliances) is cleaned, what products are used, and how often, so hygiene does not depend on who is on duty.

Purpose and scope

This procedure covers the cleaning of [Equipment covered by this procedure] in [Rooms or areas covered]. It is followed by [Roles that follow this procedure].

It does not cover [What this procedure does not cover].

Goal: every item listed above is cleaned to the same standard on every clean, and each clean is logged in the sign-off section below.

Safety precautions and products

Product	Use on	Never use on

Cleaning steps

1. Power down or unplug the item and remove loose debris, crumbs, and paper dust.
2. Wipe hard surfaces with a cloth dampened with the approved product, working top to bottom.

3. Clean keyboards and headsets with an alcohol wipe, including ear cushions and microphone booms; replace disposable ear covers where fitted.

4. Wipe appliance interiors and leave doors ajar for five minutes to air.

5. Return the item to its place, dispose of used wipes and gloves, and log the clean in the sign-off section below.
